

Pulsed Plasma System for Air Cleaning

Novel technology for pulsed plasma generation provides highly efficient air cleaning for rooms, offices, basements, kitchens, ventilation air lines of furnaces, etc.

Our air cleaning method is based on plasma-chemical processes.

Main benefits

- High efficiency
- Simple to use
- Low power and safe

Model	Input		Weight, lbs	Dimensions, in		
	V	A		H	W	L
PG-1	120	0.2	0.5	2	3	7
PG-2	120	0.4	2.0	4	6	12
PG-3	12	0.25	1.0	2	2	6
PG4	12	0.5	2.0	4	4	7
