

# Air Cleaners

Novel technology based on effective module electrostatic dust collectors provides highly efficiency air cleaning for:

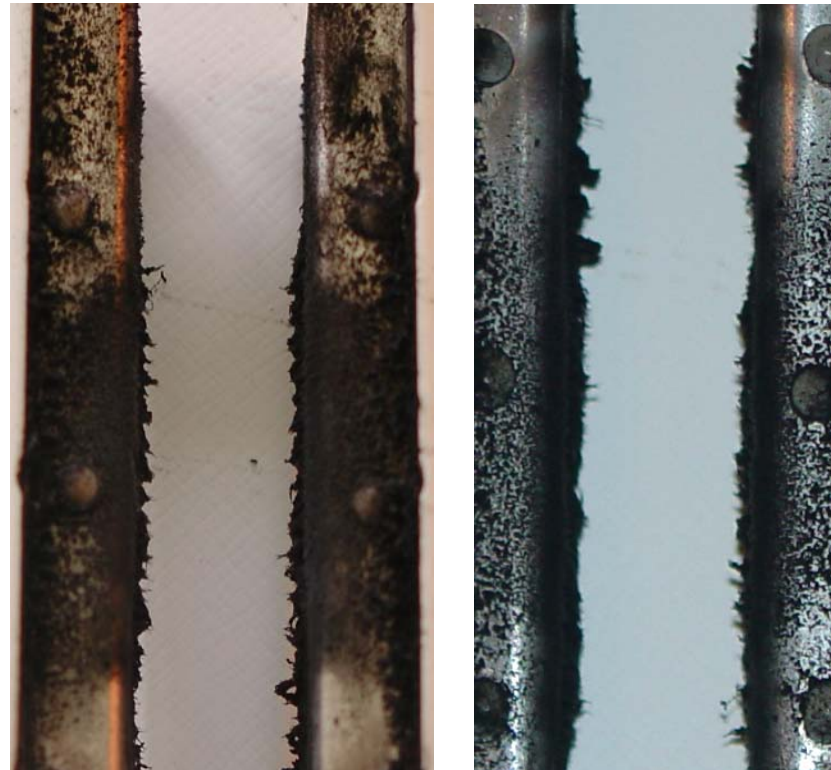

**a) Home:** rooms, offices, basements, kitchens, ventilation air lines of furnaces, etc.

**b) Industry:** high dust and toxic areas in semiconductors, chemistry and etc.

**c) Healthcare:** hospitals, offices, emergency rooms and etc.

## Main benefits:

- High efficiency
- Simple to use
- Low power and safe
- Low cost

**Examples of dust collectors  
( dedusters)**
